COVID-19 FAQ

AMIS 2022 Conference at Studio Bell

COVID-19 FAQ and General Information

This FAQ is designed to provide information relating to COVID-19, regarding NMC's current policies, the Government of Alberta's policies and regulations, and information on COVID-19 testing locations throughout Calgary should you need to get tested before returning home.

Studio Bell remains committed to following government regulations, and health care professionals regarding COVID-19, to make sure that Studio Bell is a safe environment that does its part to limit the spread of the virus. As such, all NMC staff and volunteers are vaccinated with a minimum of two doses and carry masks at all times, able wear them as requested, for the comfort of others.

Do I need to wear a mask?

At Studio Bell face coverings are no longer required, but visitors, staff, and volunteers are encouraged to wear one if they feel comfortable doing so. There are still some mask related restrictions set by the Government of Alberta, such as masks being required on municipal and intra-province public transit for those aged 13 and older, at all Alberta Health Service operated and contracted facilities. Additionally, continuous masking must be followed for up to 5 days following mandatory isolation due to COVID infection for vaccinated individuals.

What can I do to stay COVID safe at Studio Bell?

Though not enforced, wearing masks is encouraged for those who feel comfortable doing so. Make sure to practice good hygiene habits and make use of the hand sanitizer stations and hand washing facilities located throughout Studio Bell. Try to practice social distancing when possible, try to avoid handshakes and instead opt for the "air high-five" or "elbow bump"; and please follow posted directional or instructional signage.

What about Vaccinations?

Though vaccinations are encouraged to help limit the spread of the virus, the COVID-19 Vaccine Passport Bylaw is no longer in effect and will not be asked for upon entering Studio Bell.

Do I need to isolate if I contract COVID or am in close contact to someone with COVID?

Isolation is still legally required for people who have COVID-19 symptoms or tested positive. However, quarantine is no longer legally required for close contacts of positive cases, unless directed to do so by local public health officials. International travelers must still follow federal travel requirements.

Where can I find more information?

If you have any questions regarding Studio Bell's COVID-19 protocols, please speak to a staff member or volunteer, or send us an email (info@studiobell.ca). More information can also be found on our webpage (<https://www.studiobell.ca/visitor-information>).

For more information regarding official Alberta COVID-19 restrictions and requirements please visit the Government of Alberta's website (<https://www.alberta.ca/covid-19-public-health-actions.aspx>). For travel requirements please visit the Government of Canada's website (<https://travel.gc.ca/travel-covid>).
